Warrant for Town Meeting

To the inhabitants of the Town of Fremont in the County of Rockingham in said State, qualified to vote in Town Affairs:

First Session March 8, 1988

ARTICLE 1:

To choose by ballot all necessary Town Officers for the ensuing year.

ARTICLE 2:

To see if the town will vote by ballot to adopt amendments to the existing Town Zoning Ordinance as proposed by the Planning Board. (The amendments are posted with the Warrant and are available for inspection at the Offices of the Town Clerk and Selectmen during business hours of Monday 9:30 to 11:30 a.m. and 2:00 to 4:00 p.m., Thursday 4:00 to 7:00 p.m. and Friday 9:30 to 11:30 a.m. and 2:00 to 4:00 p.m.

The Sections proposed for amendment and (the text or a) topical description are as follows:

1. (Change) Amend Article IX, Section F-3, Wetland and Watershed Protection District, to provide:
Wetlands area shall not be used to satisfy the minimum lot area and setback requirements but may be included in total lot area.
2. (Change) Amend Article IX, Section F-4, Wetland and Watershed Protection District, to provide:
Watershed protection areas may be included in the minimum lot size requirement. All dwellings, structures, or parking areas shall have no portion within the Watershed Protection and/or no portion closer to Wetlands than those limits defined under Article IV as set back requirements.
3. (New) Enact a new Article XI, Aquifer Protection District, to create a new aquifer overlay protection district with certain boundaries and use regulations for the district.

Second Session March 12, 1988 Fremont Town Hall - 5:00 P.M.

ARTICLE 3:

To see if the Town will vote to raise and appropriate the sum of \$131,824.00 (One hundred thirty-one thousand eight hundred twenty-four dollars) for the purchase of a Tanker Fire Truck for the Town of Fremont

and to borrow in the name of the Town by issuance of serial notes or bonds, in accordance with the provisions of Municipal Finance Act (RSA Chapter 33), a sum not to exceed \$131,824.00 for the purpose of defraying the costs of the foregoing, and to authorize the Town Officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon. Further to authorize the Selectmen to apply towards the facility cost any interest earned from the temporary investment of any bond or note proceeds.

(2/3 Ballot Vote Required)

ARTICLE 4:

To see if the Town will vote to rescind its votes on Articles 6 and 7 at the 1987 Annual Meeting (which were intended to create an expendable trust fund, funded with \$2,500.00 to offset portions of the cost of the 225th Anniversary Celebration of Fremont) and to raise and appropriate the sum of \$4,000.00 for the 225th Anniversary Celebration of Fremont to be expended in accordance with the plans formulated by the Committee appointed under Article 29 at the 1985 Annual Meeting.

(Majority Vote Required)

ARTICLE 5: On Petition of 12 Legal Voters

To see if the Town will vote to raise and appropriate the sum of \$4,000.00 (Four thousand dollars) to be placed in an Expendable Trust Fund established at the March 1987 Town Meeting, to be used for the purpose of offsetting a portion of the costs affiliated with the 225th Anniversary Celebration of Fremont to take place in 1989.

(Majority Vote Required)

ARTICLE 6: On Petition of 12 Legal Voters

To see if the Town will vote to raise and appropriate the sum of \$2,000.00 (Two thousand dollars) to assist Rockingham Child and Family Services, a private non-profit organization, to continue to provide counseling services for individuals and families of Fremont.

(Majority Vote Required)

ARTICLE 7:

To see if the Town will vote to authorize the Selectmen to enter into agreements with the following agencies for the stated services for the stated amounts:

Exeter Visiting Nurse Association	\$2,919.24
Newmarket Health	\$1,950.00
Seacoast Mental Health	\$ 500.00
Rockingham Community Action Program	\$1,829.00
The Exeter Mediation Program	\$ 300.00
Brentwood Ambulance	\$ 500.00

(Majority Vote Required)

ARTICLE 8:

To see if the Town will vote to raise and appropriate the sum of \$6,600.00 (Six thousand six hundred dollars) in support of the Raymond Ambulance Inc. for the provision of emergency medical service to the Town of Fremont for the year January 1, 1988 through December 31, 1988 and to authorize the Board of Selectmen to enter into an agreement with the Raymond Ambulance Inc. for said emergency services.

(Majority Vote Required)

ARTICLE 9:

To see if the Town will vote to raise and appropriate the sum of \$48,000.00 for the complete revaluation of all property in the Town and to authorize the withdrawal of \$30,000.00 in principal plus \$2,000.00 in accrued interest from the Capital Reserve Fund created for that purpose, the balance of \$16,000.00 to be raised by general taxation and to designate the Selectmen as agents to expend.

(Majority Vote Required)

ARTICLE 10:

To see if the Town will accept the provisions of RSA 53-B:1 to 11 inclusive providing for the establishment of a regional refuse disposal district, together with the towns of Brentwood, Danville, East Kingston, Hampton, Hampton Falls, Kensington, New Castle, Newton, North Hampton, Rye, Sandown, and South Hampton and the City of Portsmouth, and the construction, maintenance, and operation of a regional refuse disposal facility by said district in accordance with the provisions of a proposed agreement filed with the Selectmen?

(Paper Ballot Required)

ARTICLE 11:

To see if the Town will vote to raise and appropriate the sum of \$13,327.00 (Thirteen thousand three hundred twenty seven dollars) for the payment of the Town's share of the budget of the Southeast Regional Refuse Disposal District for the fiscal year of said district ending March 31, 1989; to authorize the Treasurer to pay the appropriated amount to said district in four (4) quarterly installments commencing on April 1, and continuing on or before the first day of each successive calendar quarter; and to take action relative thereto.

(Majority Vote Required)

ARTICLE 12:

To see if the Town will vote to raise and appropriate the sum of \$22,000.00 (Twenty-two thousand dollars) for Town Hall Improvements which include structural evaluation, ramp completion and laboratory facilities.

(Majority Vote Required)

Not Recommended by the Budget Committee

ARTICLE 13:

To see if the Town will vote to raise and appropriate the sum of \$9,000.00 (Nine thousand dollars) for the purchase of a Sander for the Town of Fremont Highway Department and authorize the Selectmen to accept sealed bids on same.

(Majority Vote Required)

ARTICLE 14:

To see if the Town will vote to raise and appropriate the sum of \$2,945.00 (Two thousand nine hundred forty-five dollars) to purchase air-bags for the Fire Department.

(Majority Vote Required)

ARTICLE 15:

To see if the Town will vote to raise and appropriate the sum of \$5,500.00 (Five thousand five hundred dollars) for the Planning Board to hire consultants.

(Majority Vote Required)

\$4,500.00 not Recommended by the Budget Committee

ARTICLE 16:

To see if the Town will vote to raise and appropriate the sum of \$600.00 (Six hundred dollars) for the purchase of a 7 Watt 4 Cahnnel two way radio portable for the Civil Defense Department.

(Majority Vote Required)

ARTICLE 17:

To see if the Town will vote to raise and appropriate the sum of \$2,500.00 (Two thousand five hundred dollars) to be added to the Police Cruiser Capital Reserve Fund and authorize the use/transfer of the December 31, 1987 fund balance for this purpose.

(Majority Vote Required)

ARTICLE 18:

To see if the Town will vote to raise and appropriate the sum of \$5,000.00 (Five thousand dollars) to be added to the Riverside Drive Area Fire Station Capital Reserve Fund and authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for this purpose. The Balance to be raised by General Taxation.

Further, accumulated interest to date of withdrawal, to be transferred to the Town's general fund.

(Majority Vote Required)

ARTICLE 19:

To see if the Town will vote to discontinue the Sandown Road Bridge Capital Reserve Fund created in 1985. Accumulated interest to day of withdrawal to be transferred to the Towns General Fund.

(Majority Vote Required)

ARTICLE 20:

To see if the Town will vote to raise and appropriate the sum of \$3,500.00 (Three thousand five hundred dollars) for the purpose of a Library Study to determine what facilities are appropriate as a Library for the Town of Fremont, NH.

(Majority Vote Required)

ARTICLE 21:

To see if the Town will vote to raise and appropriate the sum of \$30,000.00 (Thirty thousand dollars) to hot top Beede Hill Road from the State Marker to Shirken Road.

(Majority Vote Required)

ARTICLE 22:

To see if the Town will vote to raise and appropriate the sum of \$5,000.00 (Five thousand dollars) for a Highway Study.

(Majority Vote Required)

ARTICLE 23:

To hear the report of the Budget Committee and take such action as the Town deems necessary.

ARTICLE 24:

To raise such sums of money as may be necessary to defray Town Charges for the ensuing year and make appropriations of the same.

ARTICLE 25:

“Shall we adopt the provisions of RSA 80:58-86 for a real estate tax lien procedure? These statutes provide that tax sales to private individuals for non payment of property taxes on real estate are replaced with a real estate tax lien procedure under which only a municipality or county where the property is located or the state may acquire a tax lien against land and buildings for unpaid taxes.”

(To be paper ballot at Town Meeting)

— Second Session —

ARTICLE 26:

To see if the Town will vote to take deeded title to Lot 2-22-31-2 containing 2.62 acres for purposes of fire protection and not for use as a building lot.

ARTICLE 27:

To see if the Town will vote to take deeded title to the paved section of a certain street named Midnight Sun Drive located in the Shannon Estates II Development from Applevale, Inc. the present owner. The requested street to be accepted is approximately 2,223 feet in length.

ARTICLE 28:

To see if the Town will vote to take deeded title to the paved section of a certain street named Pulaski Drive located in the Shannon Estates II Development from Applevale, Inc. the present owner. The requested street to be accepted is approximately 680 feet in length.

ARTICLE 29:

To see if the Town will authorize the Selectmen to accept private donations of land, interest in land or money to be deposited into the conservation fund for the purposes of contributing to the local matching portion required for acquiring conservation land or interest in land and other costs associated therewith for permanent conservation use under the N.H. Land Conservation Investment Program (LCIP) RSA 221-A, and authorize the Selectmen to apply for and accept the state matching funds under the LCIP for the purposes of acquisition of the fee or lesser interest in conservation land. Said appropriated or donated funds and state matching funds may be expended by majority vote of the conservation commission.

ARTICLE 30: On Petition of 10 Legal Voters

To see if the Town will vote to maintain the road known as Tibb's Grove, located within the subdivision formerly owned by Gertrude Tibbetts, beginning at Route 107 for a distance of 1,869.24 feet; said road having been maintained by the Town for the past thirty years, more or less.

ARTICLE 31:

To see if the Town will vote to accept deeded title to the Rights of Way and paved sections of certain streets named Hawthorne Drive, Whitman Drive, Emerson Drive and Cooper Drive located in the Riverview Estates Subdivision from R & S Realty Corp., the present owner. The Streets contain approximately 3,780 feet.

ARTICLE 32:

To see if the Town will vote to accept deeded title to Parcel 'A' off Whitman Drive, located in the Riverview Estates Subdivision as a conservation area. Said parcel contains approximately 3.1 acres.

ARTICLE 33:

To see if the Town will vote to accept deeded title to Parcel 'B' off Whitman Drive, located in the Riverview Estates Subdivision. Said parcel contains approximately 8,400 square feet.

ARTICLE 34:

To see if the Town will vote to authorize the Board of Selectmen to transfer the property known as Lot 7-75 (Jones Land) located at Riverside Drive to Donald and Phyllis Ryan, abuttors, for a sum of \$1,500.00 (One thousand five hundred dollars) and said parcel shall be merged with the abutting Ryan property Lot 7-76 thereafter regarded as a single lot.

ARTICLE 35:

To see if the Town will vote to authorize the Planning Board, pursuant to RSA 674:43 I, to review and approve or disapprove site plans for the development or change or expansion of use of tracts for non-residential uses or for multi-family dwelling units.

It shall be the duty of the Town Clerk, pursuant to RSA 674:43 II, to file with the Rockingham County Registry of Deeds a certificate of notice showing that the Planning Board has been so authorized and giving a date of such authorization. The authority hereby conferred on the Planning Board shall be development of tracts for non-residential uses and for multi-family uses granted at the Annual Meeting of 1986.

ARTICLE 36:

To see if the Town will vote to adopt as an ordinance the National Flood Insurance Program Flood Plain Development Ordinance (posted with a warrant and available for inspection at the Town Clerk's Office and the Selectmen's Office during the hours of Monday 9:30 to 11:30 a.m. 2:00 to 4:00 p.m., Thursday 4:00 to 7:00 p.m. and Friday 9:30 to 11:30 a.m. 2:00 to 4:00 p.m.

ARTICLE 37:

To see if the Town will authorize the Selectmen to borrow money in anticipation of Taxes.

ARTICLE 38:

To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend without further action by the Town Meeting, money from State, Federal or other Governmental unit or a private source which becomes available during the fiscal year pursuant to RSA 31:95-b.

ARTICLE 39:

To see if the Town will vote to authorize the Board of Selectmen to sell property acquired by Tax Collectors Deed at Public Auction or by advertised sealed bids.

ARTICLE 40:

To transact any other business that may legally come before this meeting.

NOTE: In accordance with RSA 39:2A adopted at the March Town Meeting of 1972 the FIRST session of the Town Meeting for the choice of Town Officers for the ensuing year will open on March 8, 1988 at 10:00 o'clock in the forenoon and will remain open until 7:00 o'clock in the evening.

The SECOND Session for the consideration of the remainder of the Warrant Articles will be held at The Fremont TOWN HALL on Saturday, March 12, 1988 at 5 o'clock in the evening.

Given under our hands and seals this 18th day of February in the year of our Lord Nineteen hundred and eighty-eight.

Selectmen's Report

An event occurred this past April that rekindled a common spirit within the hearts of many concerned Fremont citizens. That event - the flood of '87 - revealed Fremont to be truly a town of neighbors. The selectmen wish to express their appreciation and give thanks to those individuals who fought the waters at the dam, who cared for the homeless, and who worked within their departments to protect the life and property of many within our Town. This dedication to community service, in times of need, will long be remembered.

The year may also be remembered as the year of improvements in the administration, organization, and operation of Town Hall. The selectmen have increased their office hours by over 200% to meet the needs of our increased population. New Inspector appointments, our commitment to BOCA and Life Safety Regulations, and the introduction of new procedures have streamlined our operations within the building department to meet the needs of approved building requests.

The Capital Improvements Plan (CIP) committee working with all town departments, collected fiscal data, and submitted their scheduled final report to the Planning Board on proposed capital expenditures for the next 6 years. The CIP committee goals for 1987 have been met.

Improvements to the exterior of the Town Hall for the physically impaired are almost complete. Final work will resume upon the arrival of spring weather.

Reappraisal of the entire town and revision of our current tax map are scheduled for 1988. Completion of these tasks will provide an equitable assessment of property on which to base our new tax rate. All residents are asked to participate in this undertaking when the tax assessor visits your home.

Special thanks are in order at this time to those persons who have unselfishly donated their time, materials, and money to the betterment of life in Fremont. Your efforts are gratefully appreciated by the children, the elderly, the underprivileged and the Selectmen.

Regular Selectmen meetings are held every Thursday evening at 7:00 p.m. in the Town Hall and are open to the public with participation encouraged.

Respectfully submitted,
Leonard L. Bonagura, *Chairman*
Leon F. Holmes, Sr.
David Menter

Fire Department Report

To Selectmen and Towns People:

For the 3rd year in a row there has been a decrease in the number of Fire Department calls. You, the residents of Fremont, must be doing something right considering the increase of homes in the past two years.

The duty officer program on weekends appears to be working well. Remember there is an office on call every weekend from 6:00 p.m. Friday until 6:00 a.m. on Monday. He can be reached for **NON EMERGENCY** calls by calling the dispatch center in Raymond at 895-4222. I can be reached at my place of business 7:00 a.m. to 4:00 p.m. Monday through Friday at 895-2561 or through dispatch in the evening hours.

The **EMERGENCY** Number is 895-2512, also answered by the Dispatch center in Raymond.

In the last few years the Department has noted several cases of new tile lined chimneys being severely damaged, in fact blowing apart, during chimney fires. I don't know the exact reason for this, but would suggest cleaning at least twice a year. Also make sure your wood is adequately dried. In fact, there are cards available at the station with wood burning and chimney care information in them.

We hope to purchase a new Tanker this year (with your help) to replace a 1947 Ford Engine and a 1953 GMC Tanker. At this time the average age of our Fire equipment is 1962. With the purchase of this new truck it will give us an Engine and Tanker manufactured in the 1980's.

The Fire Department meets the 1st Monday of the month at 7:30 p.m. at the Station. Any person who is interested is welcome to attend. We are still looking for a few good people.

The Fire Association received a sizable gift from the Estate of Roscoe Holmes, who was a 60 year member of the Department. This is greatly appreciated and our thanks go the Estate for this gift.

Another member of the Department answered his last call in the passing of Freeman B. Emerson, one of the founders of the Fremont Fire Department.

I would like to thank all the members of the Department for their untiring efforts to make the Department THE FIRE organization that it is.

Let's make it another fire safe year in the Town of Fremont.

Sincerely yours,
R. C. Heselton, *Fire Chief*

Police Department Report

As my first term as Police Chief of Fremont begins to wind down, I look back on it as a very satisfying and rewarding one. It was a year of change for the department as a whole, but one we hope was not disruptive but rather one of mending and healing.

I especially want to thank Fred O'Brien, who was Police Chief of Fremont for several years, for coming back on the force as an officer. His years of experience and his dedication to his duties have been invaluable for me as Chief and for the Town.

It goes without saying, "If you want to get a job done, just ask the busiest people." Therefore, I want to thank Neal Janvrin, who works as a full-time Deputy Sheriff for Rockingham County, who somehow has found the time to be on the Fremont Police Department as a part-time officer, pulling his fair share of the duty roster and lending his expertise. To Peter Lamb, another by individual, who works full-time for AT & T, who works as an auxiliary State Trooper, who finds time to be a part-time officer for Fremont, thank you. Also Gail Dodge who works as a full time guard at Rockingham Jail. To Dick Heselton, a private businessman, a Deputy Sheriff and Fire Chief thanks so much for your support, assistance and back up repeatedly during the past year.

Last, but not least, I want to thank all those who voted for me last year. This has meant more to me than I can adequately express.

Please continue to call the Rockingham Dispatch number for assistance, 679-2225, 24 hours a day, 7 days a week.

Raymond L. Bernier,
Police Chief, Fremont, NH

Fremont Rescue Squad Report

The Fremont Rescue Squad is a completely volunteer organization that provides initial emergency health services to those in Fremont who are in need. Fremont Rescue works closely with Brentwood and Raymond Ambulance Services which provide transportation to area hospitals in emergency situations. During 1987 the Rescue Squad answered 61 calls.

To become an active member of Fremont Volunteer Rescue one needs to be certified as an Emergency Medical Technician (E.M.T.), a first Responder, or as an Advanced First Aider. Fremont Rescue members are also certified Ambulance Attendants. These courses are held throughout the year and interested parties can receive further information by talking with any rescue member.

During the past year, Fremont Rescue has improved the promptness and quality of its services by providing members with Red Emergency lights and First Aid Kits. In 1988 we hope to upgrade our two way communication system. This will improve our communication among rescue members in Emergency situations as well as communication between Fremont Rescue and Raymond Dispatch.

Fremont Volunteer Rescue presently has 13 members, including 9 active and 4 inactive. They are as follows:

Active Members:

Shawn Hill, *President*, Cheryl Woodman, *Vice President*, Sharon Flesher, *Secretary*, Carol Gould, Steve Toohey, Linda Ross, Frank Kennedy, Ken Flesher, Benny Bennedetto

Inactive Members:

Patty Martel, *Treasurer*, Nancy Beede, Neil Beede, David Menter

Trustee's Library Report

The library trustees have spent the year trying to improve the services of the library by calling in a used book dealer who helped us sort out the old and discarded books in the storage rooms. Our goal is to use one of the storage rooms as a small reference room. Having a separate reference room will give the students a quiet place to do research papers, allowing more efficient use of the main part of the library. We purchased a new World Book encyclopedia set during the year and would like to continue improving the reference capabilities of the library.

Due to our limited space, we cannot accept donations of used books. If you feel that you may have some books that may be of use to the library, contact the librarian directly before bringing the books. Otherwise, we will not accept them.

We would like to thank Barbara Bassett for her continued effort to make the library a success and a special thanks to Marlene Emery for filling in as librarian whenever needed. We would also like to encourage new residents to check out our library and we welcome any input or ideas anyone may have.

The trustees were saddened at the passing of George Rogers. We extend our sincere sympathy to his family and we wish to express our appreciation for the donations made to the library in his memory.

Fremont Civil Defense Department Report

The Civil Defense Agency at the Federal, State and Town levels of Government, has changed greatly from the 50's and 60's of preparing for nuclear attack. To the Civil Preparedness Agency of the 70's and early 80's, which did preparedness planning for and recovery from, natural, manmade and technological disasters as well as nuclear attack. Last year we were given a new name, The Office of Emergency Management and new responsibilities of mitigation, preparedness, response and recovery; planning and coordination for all natural, manmade and technological disasters and nuclear attack.

The Civil Defense Director is the New Emergency Program Manager. I have just completed a home study course for the Federal Emergency Management Agency, "The Emergency Program Manager, An Orientation To the Position."

This summer I took a three day course put on by the Federal Emergency Management Agency and the State office of Emergency Management at Laconia, NH. This course showed us how to plan and run table top and full scale exercises of emergency disaster plans. I have also attended several Video Tele-A-Conferences at Concord, NH.

Mitigation planning is new to the position, but very important, as the old saying goes, "an ounce of prevention is worth a pound of cure." Mitigation can be achieved by Federal, State and Local laws and ordinances. Some examples are: Traffic laws, building codes or zoning laws like flood plain management. The NFPA "Life Safety Code" that was voted in at last years Town Meeting will save lives that we will never realize. Where codes, laws and ordinances are not enforced or trade offs made many lives have been lost. Just think of the hotel fires of the last few years, just because mitigation costs a little more. Lets not need that pound of cure here, lets all support and follow the laws, codes and ordinances of mitigation.

Thank you, everybody, for the help and cooperation during the flooding last spring. This cooperation was shown by all town and private agencies. With State and Federal aide the Town was able to pay all flood related bills with only a very small amount coming from Town taxes.

The floods of last spring pointed out the need for the Emergency Coordinators to have a portable two way radio to use. Therefore, I am asking for \$600.00 for a 7 watt 4 channel two way radio portable at the 1988 Town Meeting.

Respectfully submitted,
Neal Beede, E.P.M.

Lamprey Health Care Report

Lamprey Health Care will mark seventeen years of providing services in 1988.

Tow medical offices, one in Newmarket and one in Raymond, provide general medical care, preventive health services, community outreach, social services and short term counseling with referral to mental health agencies.

Services also offered by Lamprey Health Care include Senior Citizen Transportation and Information and Referral Services for Rockingham County.

Lamprey Health Care's medical team consists of six physicians: Sarah Oxnard, MD, Pediatrician; Cynthia Rasmussen, MD, Obstetrician-Gynecologist; and four Family Practitioners, Edward Benoit, MD; Karen Brainard, MD; Paul Friedrichs, MD; and our newest member, Micki Kantrowitz, MD. Also on staff at Lamprey Health Care are Michael Lewis, Certified Physician's Assistant; Barbara Janeway, Nurse Practitioner; Anne Fawcett, Nurse Practitioner; and John Mark Blowen, Nurse Practitioner. Registered and Licenses Practical Nurses round out the Medical Team.

The addition of physicians in recent years allows Lamprey Health Care to respond to the growing demand for services.

Under the direction of Dr. Rasmussen, Lamprey Health Care operates a prenatal program which includes prenatal, delivery and postpartum care along with nutritional counseling, prenatal and parenting classes and social services and/or referral.

Lamprey Health Care continues to operate the Senior Citizen Transportation Program. The transportation service enables senior citizens to remain independent, self-sufficient and active by providing the means to needed services, including medical, food shopping and recreational trips. Three of the five busses operated by Lamprey Health Care are equipped with hydraulic lifts to provide services to the handicapped. For further information, call 659-2424 or toll-free 1-800-582-7279.

Lamprey Health Care also operates The Rockingham County Info-Center which provides information and referral services to the residents of the county. Information is available to callers through a toll-free number on a wide range of subjects. The toll free number is 1-800-582-7214.

Tel-Med is a taped library of "non-diagnostic" health information designed to provide basic facts about certain diseases, conditions or health issues. The library contains 200 taped messages which are accessible 24 hours per day seven days a week by households with touch tone phones and Monday - Friday from 8 a.m. to 4 p.m. by households with rotary dial. The numbers to reach Tel-Med are 433-3232 and 433-3242 and 659-7514 and 659-7516. The Tel-Med program is funded by The Foundation for Seacoast Health of Portsmouth. For more information or for a brochure of Tel-Med tapes you may call toll-free at 1-800-582-7214.

Lamprey Health Care wishes to express its appreciation to the Town of Fremont for its support.

Respectfully submitted,
s/Ann H. Peters, *Executive Director*

Fremont Planning Board Activity Report

The Planning Board generally meets every Wednesday evening at 7:30 p.m.; with the year 1987 taking us into many long evenings. Much was accomplished during the year in laying a sound foundation for future planning and administration.

A comprehensive community Master Plan for the Town of Fremont was accepted in early March. This required policy document, when properly supported by local action, regulations and ordinance can provide guidance for future growth. Now with an updated document the State's statutes provide greater support to enable effective and directed planning. This document was provided through the efforts of the Rockingham Planning Commission and required extension support, thoughts, and aspirations of local citizens and Board members.

Voters at 1986 March Town meeting supported zoning amendments allowing the Town to adopt two-acre zoning. With the increased growth of southern Rockingham County voters agreed 292 to 133 that the change was in order. Such minimum lot size requirements will assist in preserving the rural character of Fremont.

The Planning Board proposed and accepted "new" Subdivision Regulations in early August after many hours of review and rewrite. The newly adopted regulations provide the administration and requirements governing the subdivision of land within the Town. The Board was in need of more information to advise developers and to guide their activities. The new regulations add significantly to the tools available to regulate subdivisions, and strengthened the section on road/streets; adding inspection steps, and requirements for road construction and surfacing. Only one subdivision application has been accepted under the new regulations and this one is proving to be a clean orderly process.

Gravel Operation regulations were adopted in December providing the Town administrative regulations to review applications for proposed Gravel Operation; these with existing state statutes will assist the Board in dealing fairly with new proposals. Much activity, with the support of the Selectmen, was spent in attempting to understand current operations and their applicability to requirements.

Although the Planning Board did not review and accept large scale subdivisions many smaller subdivisions were approved: More than half a dozen subdivisions, generally creating less than five lots, were review and accepted. A fifty plus lot adult trailer park was approved during June with immediate construction progressing. This adult trailer park community is located in an area zoned for Trailer Parks adjacent to Route 107.

In sessions held with a developer, Mr. J. Grammas, a progressive development located off North Road was proposed. The proposal, although supported by the Planning Board, was denied due to zoning restrictions. Activity is still pending. Development proposals from Lewis Builders for a parcel of land located on Sandown Road has been under review and consideration since early summer. After much activity and BOA approval their plan was approved in January of this year. The proposal, as seen by the Planning Board, for multi-family units should add to the

already growing presige of Fremont.

Many session with counsel, however, were also a part of 1987. After the Planning Board rejected consideration that a proposed multi-family development be considered "grandfathered" under earlier minimum one acres zoning; the applicants, Rizzo and Angellini filed suit for \$1.55 million against the Town and the Planning Board. The suit for \$1.55 million was later to be considered unfounded and was denied, however the request for "grandfathering" is still pending. In May the Planning Board also denied a permit for a new Gravel Operation proposed off Beede Road, The applicant, Mr. J. Evans, filed suit for reversal of that decision. The court in considering this under arbitration in January of this year, felt that this case was not appropriate for arbitration, but should go to trail unless settlement could be reached. It is felt that many of the Planning Board requirements are well founded and supported. In September, the Planning Board rejected a proposal submitted by Mr. H. Sherman for a proposed subdivision off North Road. Non-conformance to zoning were among the reasons for rejecting the proposal; nonetheless the applicant filed suit for numerous reasons; this activity is still pending.

The Planning Board has spent numerous hours in dealing with the increased activities presented in the past two years. Pending subdivision proposals and upcoming new proposals will take many hours of review and planning during next year, not leaving much time for planning. Adoption of an updated Master Plan, new Subdivision regulations, as well as new Gravel Operation regulations will assist as planning tools for 1988. However much more activity is ahead as we prepare to support recommendations as contained in the Master Plan, and continued planning for future growth. A Capital Improvements Program, is under consideration, and proposed warrant articles are included in this years budget.

Fremont Planning Board

Road Agent Report

Continuous growth has made 1987 a very busy year. I have issued 63 driveway permits and reconstructed and paved with hot-top a section of Beede Hill Road. I expect to complete this project this year with a one-inch finish coat. Other than roads built by the developers in the new developments, this was the first road hot-topped by the Town. We are hoping to do more hot-topping this year.

Except for the treacherous "black ice", this past winter has not been that bad. Most residents do not want the town to use salt on the roads mainly due to the possible contamination and high cost of salt. I prefer to use sand and have used more than ever.

I would like to report to all the new residents how our highway Department operates. At present, the Highway Department is a part-time operation. The Town owns three front plows, three wing set-ups, and one sander. At the present times, this equipment is all in good condition and doing a good job. The trucks used for plowing are all hired -- two are mine with the town sander in one, and three are private contractors hired by the

Town. This year I have submitted a Warrant Article requesting another sander at a cost of approximately \$9,000.00. At times one sander is not enough. If there is a "break-down" with the truck or sander, the sanding is delayed. Also, a second sander would enable us to sand all roads in half the time -- making our Town roads much safer for everyone. We really need this sander and I am hoping for your support at Town Meeting.

Although I am sure most people are happy with the way we care for the roads during the Winter months, I do not want to be judged by the Winter alone. There is so much more to this position. In my opinion the most important part of the Road Agent's position is in the area of new developments. If these new roads are not constantly monitored while being built, there could be immense future costs to the Town if these new roads fail now, four or even ten years from now. There are still some subdivisions with problems -- such as one without a cul-de-sac which leaves the road a dead end with no turnaround. Another example is an apartment complex on a supposedly town dirt road. The developer has made this road impassable at times. Another example is a road that was accepted by the Town only a short time ago. When there is a steady rain, sections of this road are under water. These are examples why I am going to try to have an article passed at Town Meeting asking for a warranty or guarantee for up to three years with a bond held by the Town. This will insure that if anything goes wrong with these roads, the developer not the Town, will pay for any needed repairs.

Lastly, I would like to thank all the people who worked with me on the roads, especially Leon Holmes Jr., Peter Bolduc, Albert Peterson and David Woodburn who have all done an excellent job plowing during the Winter months. A special thanks to the Board of Selectmen who are always there when I need them to all the residents of Fremont who support me throughout the year.

Respectfully submitted,
Guerwood Holmes, *Road Agent*

Fremont 225th Anniversary Committee Report

The Fremont 225th Anniversary Committee had an active year. Members met six times during the year and proposed several activities in conjunction with the upcoming 225th Anniversary celebration in 1989. It was voted to bury a Time Capsule and plant trees to replace many of those that have died due to the Dutch Elm disease or old age. Fremont Village used to be noted for its beautiful tree-lined scenery until recent years.

During 1987 the committee sponsored another Turkey Supper and a Country Music Concert. The supper was a modest success and we suffered a financial loss with the concert. Community support is essential if we are to be able to afford a celebration worthy of Fremont's proud history. 1988 marks the 350th Anniversary of Exeter, a Town which Fremont was originally a part of. Exeter has requested a float be submitted into their big parade in June to represent Fremont. Hopefully our Town will not go unrepresented.

The 225th Committee sponsored a fundraiser in the form of "I LOVE FREMONT, NH 1764-1989" bumper stickers. These can be purchased at Vining's Market and the Fremont House of Pizza. They can also be purchased by contacting a committee member.

The Town Quilt Committee is progressing along fine and hope to have the quilt completed in time for the June 1989 celebration. The ladies working on the quilt are to be commended for the fine work and progress they are making. Anyone interested in helping out on the quilt are urged to attend any of the quilt meetings. They are open to the public.

The 225th Anniversary Committee consists of the following members: Rose Boden, Jan Collins, Thomas Fitzpatrick, Marilyn Gates, Ray & Connie Gregoire, Fred & Sue Herr, Marion Ganley, Merton & Bessie Healey, Debra Minnon, Mike & Ellen O'Keefe, Debra Pickard, Cindy Provencer, Matthew & Sharon Thomas, Bruce & Cathie Wright.

As we are fast approaching Fremont's anniversary celebration in less than 16 months, we can always use some more helping hands. Please consider joining our committee and help us make Fremont's big year a great success.

Again, thanks are extended to all the members and those who devoted time, funds or energy in support of our endeavors.

Respectfully,
Matthew E. Thomas, *Chairman*

Fremont Capital Improvements Program

In March of 1987 the voters of the Town of Fremont authorized the Town Selectmen to form a committee, composed of Department heads, to formulate a Capital Improvements Program in accordance with R.S.A. 674.5 as suggested by Master Plan. The committee was made up of representatives from the Board of Selectmen, School Board, Police Department, Fire Department, Recreation Department, Road Agent, Conservation Commission, the Library Trustees, and Civil Defense Department.

The Committee's primary function was to prepare and submit requests for capital improvements for their respective departments.

The data was compiled, placed in a format consistent with a document of this nature and submitted to the Planning Board at its first meeting in 1988. Although this document will be revised many times, much of the historical information presented as well as the insight to the proposed needs of the town departments should be helpful to all who are involved with the Budget and the planning of Capital spending.

Respectfully Submitted,
James J. Allen, *Chairman*
Capital Improvements Program

Rockingham County Community Action Program, inc. Report

The Rockingham County Community Action Program, Inc. (RCCAP) is a private, non-profit anti-poverty agency which has served residents of Rockingham County since 1965. The Greater Raymond Community Action Center is an outreach office of RCCAP which serves 15 towns in the central part of the county, including the Town of Fremont.

In the 15 towns served by the Greater Raymond Community Action Center, well over 1,200 households are experiencing financial problems serious enough to leave them without the means to provide for basic necessities. Of these, nearly 40% are elderly individuals or couples living on fixed incomes. The remaining 60% include the disabled, the unemployed, the underemployed, single parent families and the working poor. Regardless of their particular situations, all of these people are forced to seek outside assistance to meet their most essential needs.

Community Action plays an important role in meeting these needs by offering direct service programs as well as the help and guidance of our agency's staff. Of the major direct service programs offered by Community Action, the following were provided to eligible residents of Fremont:

- 59 households received Fuel Assistance, a program which provides a financial grant of up to \$500.00 to assist with energy-related expenses.
- 1 home was weatherized through the Weatherization Program, which provides quality materials and labor to weatherize homes in order to reduce heating costs and conserve energy.
- 1 household received the Supplemental Energy Program, which provides for the repair or replacement of furnaces and heating units and home repairs for low-income homeowners.
- 8 children were provided meals from private family day care homes which participate in the Rockingham Family Day Care Program.
- 1 child was enrolled in Head Start, a comprehensive, early childhood development program for low-income and handicapped children and their families.
- 20 women, infants and children received help through the WIC Program, which offers supplemental nutritious food and nutrition counseling to pregnant women, nursing mothers and children up to the age of 5 who are nutritionally at risk.
- 1 household received Crisis Assistance, a program which provided a one-time financial grant for the payment of rent, mortgage, electricity or fuel for those in emergency situations.
- 181 food packets were provided through the Surplus Food Program, which distributes USDA surplus cheese, butter, flour, dry milk, cornmeal and rice.
- 6 emergency food packets were provided through the Emergency Food Pantry, a program which provides a temporary supply of non-perishable food to families in crisis.

In addition to these major programs, much of our staff time is devoted to working with people who come to us seeking help. During the past year, we received 152 calls or visits from Fremont residents, many of which were crisis calls involving fuel or utility problems, the lack of food or clothing or general financial needs. By working closely together with local and state welfare administrators, fuel and utility companies, other human service agencies and interested clergy and civic groups, we are able to link those in need with the services available to them.

Since the services we offer greatly relieve the towns we serve from the full burden of providing for the needs of their low-income residents, we ask every community we serve to make a financial contribution to our agency based upon the level of service we have provided to its residents. The amount we request equals 3.5% of the total dollar value of services provided during the previous fiscal year, which means that we request \$3.50 for every \$100.00 we provide in direct services.

From September 1, 1986 through August 31, 1987, Community Action provided \$52,254 in services to Fremont residents. We are therefore requesting the Town of Fremont to contribute 3.5% of this amount, or \$1,829. The Town of Fremont has contributed to our agency for many years, and we extend our appreciation to you for your continued support.

Amy Mueller-Campbell, *Director*
Greater Raymond Community Action Center

Annual Reports
of the
OFFICERS
OF THE
Fremont School District
Fremont, N.H.

For the School Year Ending
June 30, 1987

Officers of the Fremont School District
1987 - 1988

SCHOOL BOARD

Robert Norris	Term Expires 1990
Richard Maloof, <i>Chairperson</i>	Term Expires 1988
Robbert Waddell	Term Expires 1989

SUPERINTENDENT OF SCHOOLS

H. Wilson Eaves

ASSISTANT SUPERINTENDENT OF SCHOOLS

Edward W. Donovan

TREASURER

Elizabeth Stanley

MODERATOR

Maureen Buhrman

CLERK

Barbara Baker

School Warrant

State of New Hampshire

To the Inhabitants of the School District in the Town of Fremont qualified to vote in District affairs:

You are hereby notified to meet at the Laurence Pettengill Hall — Ellis School in said District on the tenth day of March 1988 at eight o'clock in the evening, to act upon the following subjects:

1. To hear reports of agents, auditors, committees or officers chosen and pass any vote relating thereto.
2. To see if the District will vote, under the provisions of RSA 198:20-b, to authorize the School Board to apply for, accept and expend without further action by the School District Meeting, money from any source which becomes available during the 1988-1989 school fiscal year provided that such expenditures be made for purposes for which a School District may appropriate money and that such expenditures not require the expenditure of other School District funds. Further, that the School Board hold a public hearing prior to accepting and spending such money.
3. To see if the District will vote to establish a capital reserve fund under the provisions of RSA 35:1 for the purpose of acquisition of land and to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to be placed in this fund.
4. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of statutory obligations of the district.
5. To see if the District will approve the application of School Administrative Unit No. 14 to the New Hampshire State Board of Education for re-organization of the School Administrative Unit.
6. To transact any other business which may legally come before this meeting.

Given under our hands at said Fremont this 16th day of February 1988.

Fremont School Board
Richard Maloof
Robert Waddell
Robert Norris

A true copy of warrant - attest:

February 18, 1988
Budget Committee

School District Meeting

March 10, 1987

The School District Meeting for the Town of Fremont opened at 8 p.m. at the Laurence Pettengill Hall, Ellis School, on March 10, 1987. Mrs. Maureen Buhrman, Moderator, read the official School District Warrant, after noting the typographical error in Article II showing the School fiscal year of 1986-1987, instead of 1987-1988.

Article I

To hear reports of agents, auditors, committees or officers chosen and pass any vote relating thereto.

Mr. Robert Norris, School Board Chairman, moved the Article as read. Seconded by Mr. Robert Waddell, School Board member. The motion passed by voice vote.

Article II

To see if the District will vote, under provisions of RSA 198:20-B to authorize the School Board to apply for, accept and expend without further action by the School District Meeting, money from any source which becomes available during the 1987-1988 school fiscal year provided that such expenditures be made for purposes for which a School District may appropriate money and that such expenditures not require the expenditure of other School District funds. Further, that the School Board hold a public hearing prior to accepting and spending such money.

Mr. Richard Maloof, School Board member, moved the Article as read. Seconded by Robert Norris. The motion passed by voice vote.

Article III

To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for School District officials and agents, and for the payment of statutory obligations of the District.

Mr. Robert Waddell made the motion that the District raise and appropriate for the support of schools, for the payment of salaries for School District officials and agents, and for the payment of statutory obligations of the District, the sum of \$1,128,925. Seconded by Mr. Richard Maloof.

Discussion followed.

The difference in this figure and the School Board's Budget was the amount of the Principal's salary, which the Budget Committee had reduced from a 20% increase, representing a figure of \$34,320, to an increase of 13%, which represented a figure of \$32,500, a difference of \$1,820. The Budget Committee felt a 20% increase in one year was excessive, but a 13% increase, in this case, they felt was realistic.

Mr. Waddell commented that a few years ago we lost a well-liked principal because of our penny pinching, and he hated the thoughts of losing another good principal because of the same actions. The reason for the large increase this year is because of our penny pinching in the past.

He went on to state that the average principal's salary in the surrounding towns for this year was \$32,287, and each of them would certainly receive

an increase this year. Fremont currently pays the principal \$28,600. The School Board's figure of \$34,320 would put us just above the average of surrounding towns.

Further discussion followed.

The non-professionals of the School District were receiving a 7½% increase, which many in attendance felt was satisfactory as compared to a 20% increase, which not many people receive in one year.

Voice vote on the Budget Committee's Chairman's amendment was defeated.

Mr. Robert Wines made a motion that the non-professional's salary increase be changed from 7½% to 20%.

There was no second.

With no further discussion, the Moderator called for the vote. Article III was passed by voice vote.

Article IV

To Transact any other business which may legally come before this meeting.

Robert Norris made the motion to adjourn. Seconded by Robert Waddell. Passed by voice vote.

The meeting was adjourned at 8:34 p.m.

Respectfully submitted,
Barbara D. Baker, *Clerk*
Fremont School District

Special School District Meeting

June 2, 1987

The Special School District Meeting was opened at 7:35 p.m. on June 2, 1987 at the Laurence Pettingill Hall by the School District Moderator, Mrs. Gusti Buhrman.

Non-voting members present, in addition to school officials, were Robert Leslie, Attorney and Philip Tambling, Architect.

The Moderator read the Special School Warrant:

To the inhabitants of the School District in the Town of Fremont, New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at Ellis Elementary School gymnasium in said district on the second day of June, 1987, at 7:30 o'clock in the afternoon to act upon the following subject:

1. To see if the district will appropriate the sum of \$1,842,305 for the constructing, equipping and furnishing of additions to the Fremont elementary school; and making necessary renovations to the school; to determine whether such sums shall be raised by borrowing or otherwise; to apply toward the cost of construction any interest earned

from the temporary investment of any bond or note proceeds; to authorize the School Board to take any vote hereunder; or to take any action relative thereto.

Given under our hands at said Fremont this 15th day of May 1987.

Fremont School Board
/s/ Richard Maloof
/s/ Robert Norris
/s/ Robert A. Waddell

A true copy of warrant - attest.

Richard Maloof, Chairman of the School Board, moved that the District appropriate the sum of \$1,842,304 for the construction, equipping and furnishing of additions to the Fremont Elementary School and making necessary renovations to the school and raise such sum by borrowing under the provisions of the Municipal Finance Act and apply to the cost of construction any interest earned from the temporary investment of any bond or note proceeds and authorize the School Board to take any and all actions necessary to accomplish the foregoing.

The motion was seconded by Robert Waddell, School Board Member.

Opened for discussion.

For over an hour, practically every aspect of the bond issue for the new addition was discussed by many of the nearly 100 citizens present.

Several people mentioned the lack of windows on the inside classrooms in the new addition. Some people felt this would be detrimental to children, who should be able to look outside, have fresh air, that it would cause severe behavior problems, that it would be dangerous in case of fire, while others felt it would be just the opposite in that the children would do better without any distractions. Several people advised that working or studying in inside rooms did not bother them, and that ventilation systems set up for the school would certainly be adequate.

Philip Tambling, the Architect chosen from many to design this addition, advised that there would be skylites in hallways, which would help illuminate these rooms, and also that each room would have two exits. He also answered questions on why it was not practical to make part or all of the addition a second floor.

This was elaborated on further by the School Board with regard to the way we integrate physically disabled children into the main stream of the school whenever possible.

Several questions were asked about alternatives to the submitted plans. Richard Maloof distributed the following, which answered most of the questions from the floor:

“The School Board considered many alternatives for solving the overcrowding at Ellis.

1. institute a building program.
2. tuition grades 6, 7, and 8 to either Epping or Sanborn.

3. set up portables.
4. set up a year round school calendar.
5. partition the gym into classrooms.
6. partition larger classrooms.

We formed a building committee because we felt it necessary to come up with a long range solution. Items 2, 3, 5 and 6 only postpone the inevitable. Item 4 might work in a larger district but would be very disruptive in a town of our size.

The building committee met and considered these alternatives:

1. build a series of small additions.
2. build a new school.
3. build a small addition, then build a new school.
4. build a large addition and begin site acquisition for a future school.
5. build a large addition and continue to investigate the possibilities of a CO-OP.

This proposed addition is the result of many hours of open discussion and thoughtful consideration.”

Also, it was mentioned that the last addition would be paid off in next year's budget, the year before we would commence paying for this bond issue, if passed. There is a 15% contingency fund in the proposed amount if building should go over bid price, but as the Architect, and also Mrs. DeKorne of the Building Committee, assured those present, these figures were presented by a professional estimator who comes highly recommended and is usually within \$2,000 of estimate submitted.

After more than an hour of discussion and the answering of a final few questions, Mr. Charles Buhrman praised the School Board for their efforts, for their time involved, and said that they had done as much as they could with what they had available. Mr. Ronald Scott also gave the School Board much credit for their actions, and since we had elected them, we should have confidence in their ability to act in our best interests, and then he called for the question.

The motion was passed by unanimous voice vote.

The Moderator then declared the polls open at 8:47 p.m. They remained open for one hour. Paper ballots were cast, using the Checklist. A total of 115 votes were cast. Votes were counted by the School Clerk, Matthew Thomas, Paul Stanley, Gusti Buhrman, and Charles Buhrman.

Total votes cast: 115
In favor 77
Against 38

Since this was a bond issue, a 2/3 vote was required. Motion was passed.

The Moderator announced the results to those who had waited. The motion was made and seconded to adjourn. The meeting adjourned at approximately 9:30 p.m.

Respectfully submitted,
Barbara D. Baker, *Clerk*
Fremont School District

Special School District Meeting

November 9, 1987

The Special School District Meeting was opened at 7:30 p.m. on November 9, 1987 at the Laurence Pettingill Hall by the School District Moderator, Mrs. Gusti Buhrman.

The Moderator read the Special School District Warrant.

Article I

To see if the District will vote to raise and appropriate the sum of \$59,407.00 to fund cost items relating to salaries and benefits for the July 1987 through June 1988 fiscal year, such sum representing additional costs attributable to the collective bargaining agreement agreed to by the Fremont School Board and the Fremont Education Association.

Mr. Maloof, School Board Chairman moved the Article as read.

Seconded by Robert Waddell, School Board Member. Passed by voice vote.

Article II

To see if the district will vote to raise and appropriate the sum of \$108,342.00 to cover unanticipated special education expenses including tuition and transportation for out-of-district placement of handicapped students.

Mr. Waddell moved the Article as read. Seconded by Mr. Maloof. The Chairman of the Budget Committee requested Mr. Waddell to break down the figures for the benefit of those present. Mr. Waddell did so. Article passed by voice vote.

There being no further business to come before the District, the meeting was adjourned at 7:45.

Respectfully submitted,
Barbara D. Baker, *Clerk*
Fremont School District

Fremont School Board
Fremont School District
Sandown Road
Fremont, New Hampshire 03844

We have examined the combined financial statements of the Fremont School District for the year ended June 30, 1987, listed in the foregoing Table of Contents. Except as indicated in the following paragraph, our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described more fully in Note 1 (accounting policies), the combined financial statements referred to above do not include the financial statements of the general fixed assets account group. Also, the food service fund, a proprietary fund type, does not maintain a record of its general fixed assets and accordingly, a statement of general fixed assets is not included in the financial statements. In both cases these statements are required to be included to conform with generally accepted accounting principles.

In our opinion, except for the omission of the financial statements referred to above, which results in an incomplete presentation, the accompanying balance sheets referred to in the table of contents present fairly the financial position of the Fremont School District as of June 30, 1987 and the results of its operations and the changes in financial position for the year then ended, in conformity with generally accepted accounting principles.

Very truly yours,
GIORDANI & LORTIE, PROF. ASSN.

SAU Administrator's Report

1987 was perhaps the most significant year for the Ellis School since its original construction nearly 40 years ago. This past year the people of Fremont approved and the School Board has undertaken a 1.8 million dollars construction project. Two classrooms were constructed during the summer of 1987 and were opened in October. These allowed us to meet our most urgent space shortages. Phase II of the project got underway in late November and we expect it to be completed in September of this year. When finished, the Ellis School will be over 41,000 square feet, consisting of 18 classrooms, a 2,000 square foot Media Center, and a modern kitchen facility.

The people of Fremont are to be commended and thanked for the approval of this project and even more importantly, for having the foresight to build with an eye towards future needs. It is expected that the new building will meet student population requirements well into the 1990's.

While the major event of the past year has been the building program, it must be noted that the operation of the school has gone very well. Mr. Green and the entire staff of the Ellis School have maintained an effective education program. This is amply borne out by the results of the achievement test program of the students in grades 2 through 5. Achievement has been at or about national norms. It is important not to lose sight of the very fine job that is being done to educate the young people of Fremont.

The School Board and the Administration owe another debt of gratitude to its public. Last summer it became obvious that there was going to be a serious budget deficit caused by an unanticipated and unpredictable increase in the cost for special education out-of-district tuitions and special

education transportation charges. The deficit was in excess of \$100,000. These additional costs developed after preparation of the 1987-88 budget and vote at the district meeting of March 1987. We wish to express our thanks to the Fremont Budget Committee and the people who approved the deficit warrant presented at the special school district meeting in November. Your understanding and support is deeply appreciated.

In closing we would like to say one has to feel very optimistic about the future of public education in Fremont. You have a capable staff and will have a new modern facility. You are therefore prepared to meet your children's educational needs. Once again, we thank you for enabling us to bring this about.

H. Wilson Eaves

Assistant Superintendent

Principal's Report

As most Fremont residents know, Ellis School is undergoing a period of rapid growth. Two years ago the student population hovered around one hundred ninety pupils as it had for many years. At the moment this report is being written, however, the student population is at two hundred forty-one students and shows no sign of leveling off.

Demographic projections based on current Fremont residents indicate we shall be having from two to three first grade classes for the next several years. However, in addition to the predicted increases in the lower grades, we are seeing signs that some of our upper grades may also have to be split into two classes. The current fourth grade has twenty-eight students and the current fifth grade has twenty-nine students. Either or both of these classes could easily go over the state minimum standard of thirty students per class before the ensuing school year.

Fortunately the Fremont School Board and the Fremont Building Committee have acted responsibly; they are dealing with the growth problem. With the addition of two new rooms during this year we were able to move both second grades from a single room into their own respective classrooms. We were also able to move resource room students and Chapter I students into a classroom instead of requiring them to try to learn in converted office space and a closet. Although hallways are still being used for office space and storage, these situations will improve sometime during the next school year.

Both students and faculty should be commended for their dedication and flexibility while adjusting to the difficult conditions during the building project. Many times we have observed students and teachers busily working, apparently oblivious to the commotion around them. In fact, rather than allowing the working conditions to become a source of conflict and aggravation, the faculty of Ellis School have focused on their common goal, to educate the children of Fremont, and they have pursued that goal with persistence and resourcefulness. Some of the teachers have actually

used the construction work in progress to show the children how local government works and how the governing process can affect their lives in a very real way.

Last year in the annual report we stated our belief that the period of change Ellis School is experiencing would be no great trial, and while there has been somewhat more of a trial than we could have anticipated at that time, the Ellis School community has met the challenge. Academic programs continue to improve, and the children have coped with some difficult situations with maturity and consideration that belie their youth.

In closing we would again like to thank the Fremont PTA for their support, and we would like to compliment the Fremont School Board and the Fremont Building Committee for implementing an economical building project that was absolutely necessary if the town were to maintain the quality of education Fremont children deserve.

Respectfully submitted,
Timothy H. Green, *Principal*

The background features a series of dark, wavy, horizontal lines that resemble a stylized American flag. A large, dark, irregular shape, resembling a ballot box, is positioned in the center. To the right of this shape, there are several sharp, dark, jagged lines that look like stylized grass or a torn edge.
